ANZAC CENTENARY COIN PROGRAM

# AUSTRALIA AT WAR

THIRD RELEASES: COINS 7, 8 AND 9

As Australia and New Zealand mark the Anzac Centenary, the popular *Australia at War* series continues with the highly anticipated third releases, commemorating the courage of Anzacs from the Second World War who fought in significant battles in Greece and Egypt.

The vivid designs on the *Greece* and *Crete* uncirculated coins honour and tell the story of the Anzacs involved in costly actions in defence of Greece in 1941, capturing their courage and commitment to the cause against insurmountable odds. The stirring *El Alamein* coin depicts an Australian soldier amongst barbed-wire during battle, reflective of Australia's determination and contribution in actions aimed at stopping German and Italian troops advancing on to Alexandria in 1942.
