Olympic Memorabilia

Thursday, June 14, 6:30-8:30p.m.

Embassy of Greece, 2217 Massachusetts Ave., NW, Washington DC 20008

The Olympic Memorabilia exhibition is a photographic documentation of Greece's historic contribution to the world's Olympic collections from 1894 until today and provides unique insights into the Olympic Games, past and present.

In addition to the collectibles, many Greek artists inspired by the Olympic Games and the Olympic Ideals have created unique works of art, a selection of which is also showcased. The exhibition is an excerpt of the Olympic Memorabilia Exhibition that was presented in Athens last month on the occasion of the 18th World Olympic Collectors Fair hosted by the International Olympic Committee (IOC) and the Hellenic Olympic Committee (HOC).

The Embassy of Greece joined by the United States Olympic Committee will be honored to present American Olympic Alumni on the opening day of the exhibition who will share their own experiences and memorabilia.
